

Change

(Lyrics ©2018 • Stephen Bloodsworth)

Within this Universe,
is one great energy.
It rises and it falls,
and it consumes us all.
It never stays the same,
it's ever changing.
This Grand Illusion,
that we are playing.
Feel the Tao,
changing us now.

Changes here all around
First you're lost now you're found
Joy then pain but Love abounds,
Love abounds, Love abounds
Da da da, da da da

There are 10,000 things.
Only one dadada.
There is one suchness.
This world is on and off.
This wave is arching up.
That trough is pulling down.
Always the yang and yin.

Which one is gonna win.

Joy and Love all around
Da da da, da da da
